**DISTRICT OF LANTZVILLE
BYLAW NO. 180, 2020**

**A BYLAW TO REGULATE THE USE, SUBDIVISION, AND DEVELOPMENT OF LAND
AND WATER WITHIN THE DISTRICT OF LANTZVILLE**

WHEREAS section 479 of the *Local Government Act* authorizes the District of Lantzville to enact a Zoning Bylaw;

AND WHEREAS section 524 of the *Local Government Act* authorizes the District of Lantzville to enact a bylaw to establish requirements in relation to floodplain areas;

AND WHEREAS section 525 of the *Local Government Act* authorizes the District of Lantzville to enact a bylaw to establish off-street parking and loading space requirements;

AND WHEREAS section 527 of the *Local Government Act* authorizes the District of Lantzville to enact a bylaw to establish requirements for screening and landscaping to mask or separate uses;

NOW THEREFORE the Municipal Council of the District of Lantzville in open meeting assembled enacts as follows:

1. This bylaw may be cited for all purposes as the “District of Lantzville Zoning Bylaw No. 180, 2020”.
2. The District of Lantzville Zoning Bylaw is set out in Schedule ‘A’ attached to and forming part of this Bylaw.
3. If a portion of this Bylaw is held invalid by a Court of competent jurisdiction, then the invalid portion must be severed and the remainder of this Bylaw is deemed to have been adopted without the severed section, subsection, paragraph, subparagraph, clause or phrase.
4. District of Lantzville Zoning Bylaw No. 60, 2005 and its amendments are hereby repealed.

General Compliance

5. Land, water, buildings and structures must not be used except in accordance with this bylaw.
6. Buildings or structures must not be constructed, reconstructed, altered, extended, moved or sited except in accordance with this bylaw.
7. Land, water or buildings must not be subdivided except in accordance with this bylaw.

8. Nothing in this bylaw relieves any person from the responsibility to comply with other legislation that applies to matters regulated in this bylaw.
9. Any reference in this bylaw to federal or provincial legislation, or to other District bylaws, include any amendments made to that legislation or to those bylaws.
10. Uses not expressly permitted in a zone or otherwise permitted in this bylaw are prohibited.

Violation

11. A person who contravenes this bylaw, or who allows or permits any act in contravention of this Bylaw, or who fails to do or refrains from doing any act or thing required by this bylaw, commits an offence and is liable to the penalties imposed by the District.
12. Each day that a contravention of this bylaw exists constitutes a separate offence.

Zone Boundaries

13. The zoning adjacent to a highway or a lane applies to the highway or lane.
14. Where a highway or lane forms a zone boundary, the zoning extends to the centreline of the highway or lane.

Uses and Subdivision

15. Where dwelling units within a rowhouse, townhouse or duplex are divided by a subdivision line, those dwelling units are considered to be multiple unit housing for the purpose of defining the land use and are not considered to be individual houses on individual parcels.

Diagrams and Illustrations

16. Diagrams and illustrations in this bylaw are provided as guidelines for interpretation.

Interpretation

17. References to zones in this bylaw that are listed only by the zone designation mean the same as the zone listed by its full title and number.

Minimum Bike Parking Requirements

5. Bike parking spaces must be provided on a parcel when new buildings are developed as of the date of adoption of this Bylaw, excluding additions up to 50 m², as follows:

Use	Minimum Long-Term Bike Parking	Minimum Short-Term Bike Parking
Apartment Rowhouse Townhouse	1 per dwelling unit	1 per 5 dwelling units
Assembly Commercial	1 per 50 m ² GFA	1 per 25 m ² GFA
Assisted Living Community Care	1 per 5 sleeping units or dwelling units	1 per 5 sleeping units or dwelling units
Craft Beverage Processing	1 per 50 m ² GFA, excluding the processing area	1 per 25 m ² GFA, excluding the processing area
Cultural Service Place of Worship	1 per 50 m ² GFA	1 per 25 m ² GFA

6. Long-term bike parking must be in a secure, weather-protected bike storage area with bike racks or lockers and independently accessible only to residents or employees of the building in which it is located.
7. Short-term bike parking must:
- (a) be sited less than 15 m and visible from the entrance of the primary building for which it is required,
 - (b) be provided in permanently anchored racks,
 - (c) be covered and well-lit, and
 - (d) not obstruct pedestrian circulation.

Parking Location, Construction and Signage

8. Onsite parking must not be obstructed in any way by garbage receptacles, structures, derelict vehicles, refuse, equipment, mobile vending or materials which interfere with the ability of the parking space to serve its function.
9. Onsite parking must be cleared and levelled.
10. Onsite parking for a duplex, house, secondary suite or carriage house may be stacked up to 2 parking spaces.
11. Onsite parking, onsite loading, drive aisles and accesses for all uses except for a house, Secondary Suite or carriage house must be hard-surfaced, painted, signed, bumpered and well-drained.
12. Onsite parking spaces designated for accessible parking, family parking, carpool parking or electric vehicle charging must have clear, gender-neutral signage indicating that such spaces are reserved for those types of parking.
13. Onsite parking and onsite loading must be provided on the same parcel as the use for which the onsite parking or onsite loading is required.
14. Where the minimum number of onsite parking spaces includes a fractional unit, that fractional unit is considered one onsite parking space.

Minimum Loading Requirements

15. The minimum number of onsite loading spaces per parcel for commercial uses is as follows:

GFA of Building	Minimum Number of Onsite Loading Spaces per Building	Minimum Width	Minimum Length
Less than 1,000 m ²	1	2.6 m	5.8 m
1,000 – 2,000 m ²	1	3 m	12 m
Greater than 2,000 m ²	2	3 m	12 m

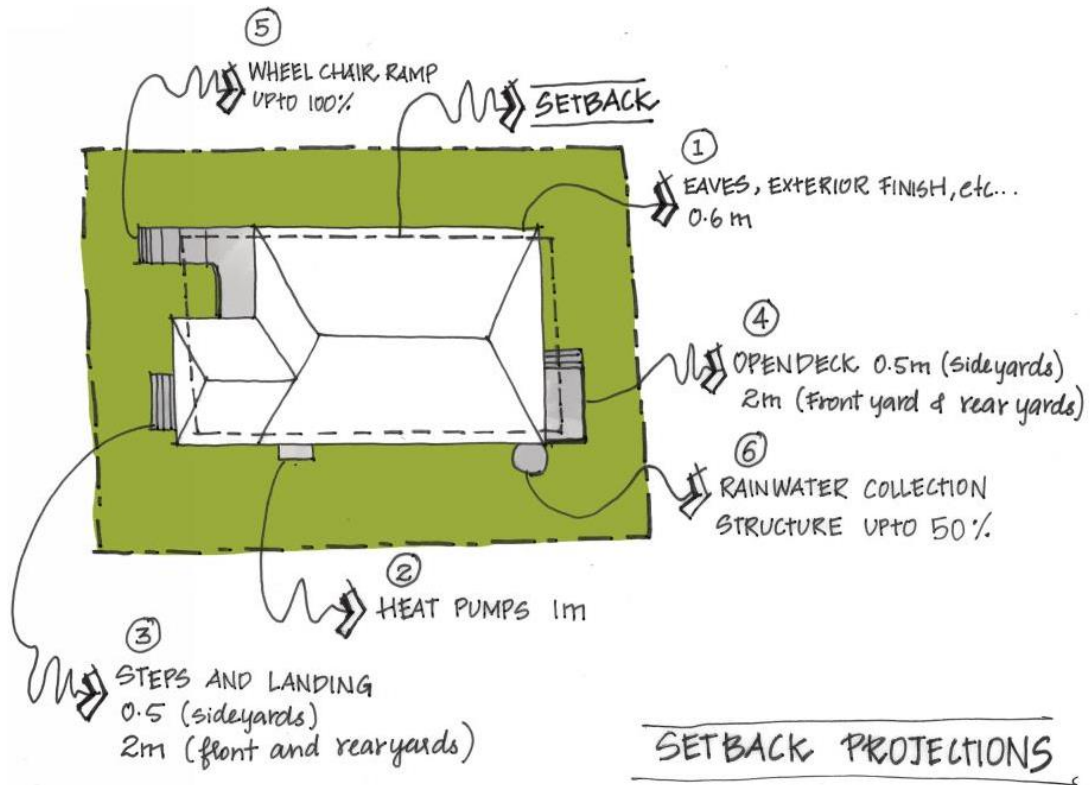

2.7 HEIGHT EXEMPTIONS

1. The maximum height regulations established in a zone do not apply to a chimney, spire, belfry, flag pole, utility, monument, satellite dish and other similar devices, mechanical devices necessary for the operation of the building on which they are located, green building system, green roof, solar collector, or small wind energy devices, provided that height extent of the blades does not exceed twice the maximum height established in the zone.
2. Garbage and recycling collection area screening is exempted from the maximum fence height specified in each zone.

2.8 SETBACK PROJECTIONS

1. The maximum permitted projections into minimum required setbacks are as follows:

Feature or Structure	Maximum Projection into Required Setback
Eave, exterior finish, green wall, gutter, chimney, cornice, sunlight control projection	0.6 m
Heat Pumps	50%
Steps and landing	0.5 m into required side yards 2 m into required front and rear yards
Open deck, porch or veranda	0.5 m into required side yards 2 m into required front and rear yards
Wheelchair ramp	100%
Rainwater collection structures, equipment and apparatus, including rain barrels and cisterns, that do not require a building permit	50%

2.9 FUTURE HIGHWAY ALLOWANCES

1. Buildings must not be sited on a future highway allowance, based on the future highway locations and designations identified in the Official Community Plan and the ultimate highway widths specified in the Subdivision and Development Works and Services Bylaw.

2. Setbacks must be measured from the edge of the future highway allowance, based on the future highway locations and designations identified in the Official Community Plan and the ultimate highway widths specified in the Subdivision and Development Works and Services Bylaw.

2.10 INTERSECTION VISIBILITY

1. Where two highways intersect, there must not be any visual obstruction, either by buildings, structures or vegetation, to the line of vision in an area bounded by the centreline of intersecting parcel lines and a line adjoining each of the parcel lines 6 m from their point of intersection.

2.11 STREAMSIDE PROTECTION

1. Development must not occur within 15 m of a stream boundary or a distance determined by a Qualified Environmental Professional, whichever is greater, in accordance with the *Riparian Area Protection Act* and the Municipality's Development Permit Area requirements.

2.12 COASTAL PROTECTION

1. Buildings and structures must be sited at least 15 m from the present natural boundary of the sea, or the parcel line adjoining the sea, whichever is farther inland, except that a fence that meets the height regulations in the applicable zoning may be sited within this area, provided that no trees are removed to facilitate construction of the fence.

2.13 FLOOD PROTECTION

1. Any parcel that is adjacent to or contains a stream, excluding a ditch is designated a floodplain.
2. The minimum flood construction level within the flood plain of a stream is 1.5 m above the stream boundary.

3. Any portion of any parcel that is lower than 5 m above the present natural boundary of the sea is designated a flood plain.
4. An assessment prepared by a Professional Engineer or Professional Geoscientist to determine the applicable flood construction level is required prior to placement of fill or construction or siting of a building within the flood plain of the sea.
5. The underside of any floor system, or the top of any pad supporting any space or room, including a manufactured home, that is used for dwelling purposes, business, storage of goods or belongings, or any other occupancy, must be above the flood construction level.
6. Where the underside of the floor system is required to be elevated to a flood construction level, the maximum building height established in a zone is measured from the flood construction level.
7. The requirement to provide a flood construction level assessment and to elevate buildings to the flood construction level do not apply in the following circumstances:
 - a) wood sheds, garden sheds, gazebos, decks, carports, garages (attached or unattached to a house) and fabric or plastic coverall structures without a floor, or
 - b) secondary buildings not used for sleeping or living purposes, subject to registration of a Section 219 *Land Title Act* covenant on title in favour of the Municipality to require that the building not be used for sleeping or living purposes and indemnifying the Municipality and the Building Official from any claims arising as a result of damage by flood waters.

2.14 LANDSCAPING AND BUFFERING

1. Where a commercial use is occurring on a parcel that abuts a Residential zoned parcel, a 1 m wide buffer must be established along the full length of the parcel line, including a 2 m high solid fence and a hedge or similar landscaping.

2. Where an apartment building (excluding a mixed use building), rowhouse, or townhouse use is occurring on a parcel that abuts a Residential zoned parcel, a 3 m wide buffer must be established along the full length of the parcel line, including a 2 m high solid fence and a 3 m wide landscaped area that includes trees, a hedge, and shrubs.
3. Where landscaping is required in accordance with a Development Permit issued by the Municipality, the landscaped area:
 - (a) is specifically reserved for landscaping and must not be used for any other purposes unless authorized by a Development Permit Amendment issued by the Municipality, and
 - (b) must be maintained to ensure the survival of any plants.
4. Recycling and garbage collection areas must be fully screened from view from public places and accessible from a driveway or lane.

2.15 SUBDIVISION

Minimum Parcel Area

1. Unless otherwise required in this Bylaw, the minimum parcel area and minimum parcel frontage are established for the purpose of regulating subdivision of land only and do not preclude use of a parcel for a use permitted in the zoning of the parcel, despite the fact that the parcel does not meet the minimum parcel area or the minimum parcel frontage regulations.
2. Parcels are exempt from the minimum parcel area specified in this bylaw in the following circumstances, provided that the subdivision is otherwise approved by the Approving Officer:
 - (a) where a parcel is used solely for utilities, public infrastructure, a park, nature reserve or wildlife sanctuary,
 - (b) where parcels are within the Agricultural Land Reserve and the requirements under Section 10 of the Agricultural Land Reserve General Regulation are met to the satisfaction of the Approving Officer,
 - (c) where a parcel is physically separated by highway dedication or a railway corridor, in which case the parcel may be subdivided along the highway dedication or railway corridor boundary, or
 - (d) where a parcel is reduced below the minimum parcel area due to required new highway dedication.

Minimum Parcel Width

3. The minimum parcel width specified in a zone must be maintained for at least 50% of the length of the parcel.

Parcel Averaging

4. Unless otherwise specified in a zone, the maximum parcel averaging is 20%.
5. Where a maximum parcel averaging regulation is specified in a zone, a parcel area or parcel width may be reduced by the maximum percentage established in the zone, provided that the average area and width of all parcels created through subdivision, including areas dedicated as parkland or public land, excluding highway dedication, meets the minimum parcel area and minimum parcel width specified in the zone.
6. Where parcel averaging provisions are used as of the date of adoption of this Bylaw, the resulting parcels created through subdivision must not be further subdivided.

2.16 RECREATIONAL VEHICLES AND WATERCRAFT

1. Storage of up to two recreational vehicles or two personal watercraft, or one of each, is permitted on each parcel unless the parcel is at least 2,000 m² in area, in which case not more than three recreational or personal watercraft in total may be stored on each parcel.
2. Recreational vehicles and personal watercraft that are completely contained within permit buildings are exempt from this Section 2.16.1.
3. Recreational vehicles must not be used for dwelling purposes, except as follows:
 - (a) where a permitted as a primary use in a zone, or
 - (b) where used for temporary accommodation during an active building permit for a new house, provided that the use for dwelling purposes discontinues prior to issuance of occupancy for the building permit.
4. Recreational vehicles and watercraft must not be stored within highway right-of-way for more than 3 consecutive days and must not encroach onto the paved surface of the highway or impede vehicular, cycling or pedestrian traffic.

2.17 SHIPPING CONTAINERS

1. Shipping containers are only permitted on a parcel as follows:

Zone	Maximum Number of Shipping Containers
Foothills Upper Lantzville Ware Road Special Area Plan [BL229] Future Special Area Plan Future Study Area Mobile Home Park Village Commercial	1 for temporary storage associated with an active building permit, but the shipping container must be removed prior to issuance of occupancy or completion of final inspection for the building that is the subject of the active building permit.
Residential	1, provided that the shipping container is screened from highways and meets all other provisions of the zone.
Community Services Agriculture Golf Course Rural Estate Transportation Park	1 for a purpose associated with the permitted primary use in the zone
Light Industry Forestry	5 for a purpose associated with the permitted primary use in the zone

2.18 GENERAL USE PROVISIONS

1. The following uses are permitted in all zones:
 - (a) Parks, open space, trails, walkways and bikeways
 - (b) Small wind energy systems are permitted secondary structures in all zones but must be sited at least 6 m from any parcel line.
 - (c) Child care within a house, licensed in accordance with the *Community Care and Assisted Living Act*, provided that the number of persons in care does not exceed 8.
 - (d) Community care within a house, licensed in accordance with the *Community Care and Assisted Living Act*, provided that the number of persons in care does not exceed 6.
 - (e) Utilities
2. Secondary uses, buildings and structures are permitted in every zone if
 - (a) a primary use occurs on the parcel, or
 - (b) a building for a primary use has been constructed, or is in the process of being constructed, on the parcel through an active building permit.
3. Secondary buildings must be sited at least 1.2 m from a primary building, measured between the foundations of each building.
4. The entire Municipality is designated a temporary use permit area under Section 492 of the *Local Government Act* for the purpose of allowing the Municipality to consider authorizing temporary uses in any zone.
5. The following uses are prohibited in all zones:
 - (a) Auto-Wrecker
 - (b) Cannabis Retail
 - (c) Commercial Composting
 - (d) Drive Through
 - (e) More than 1 Derelict Vehicle per parcel
 - (f) Derelict Watercraft, including wrecked or derelict boats stored on land
 - (g) Float Homes
 - (h) Live-Aboard
 - (i) Camping for residential purposes, including homeless encampments on private land in tents, lean-tos or any other structure.
